73. Pine Siskin (H)
74. Golden-crowned Kinglet (H)
75. Western Grebe (S)
76. Tree Swallow (S)

Memorable sightings:

- Some kind of preybird flying off from Killdeer;
- Stellar's Jay showing off at Val Hammell's;
- Baby woodpecker at Lindsay Dickson;
- Wood ducklings at Settlement Lands;
- Nighthawks at Danes Rd after I had totally given up on them.

Also

- Sad not to have heard the Sooty Grouse that I heard a few days ago near south end of Eagle Marsh.
- Took a recording of some haunting dove-like bird at Settlement Lands but did not identify
- Surprised not to see cedar waxwings or goldfinches! Same with mergansers...
